Bernardo Cotrim

Profile

Web developer from Portugal with 10+ years of experience. Worked across different areas and companies of different sizes (from enterprise-level to startups).

I value teamwork and firmly believe everyone is at their best when collaborating and sharing knowledge with others. I try to lead by example and promote healthy and fruitful discussions.

My goal is to continue to help companies and people grow, I love to be a part of something that can impact people's lives for the better!
